

Storage containers and keyhole hooks

Storage containers and keyhole hooks not only keep workbenches and workstations neat and tidy, they also ensure that tools and accessories are neatly stored and always within reach on assembly trolleys and when they are used as accessories in full storage walls and shelving systems. You bet.

- + Great design diversity**
wide selection of keyhole hooks for efficient and orderly storage of tools, storage containers in a variety of colours and sizes
- + Fast and easy assembly**
by simply hooking onto any perforated rear panel or placing in containers
- + Robust design**
keyhole hooks made from steel, storage containers from durable polyethylene (PE)
- + Clear labelling**
of the storage containers through integrated labelling system

Storage container

Width, depth and height refer to the external dimensions. The storage containers are resistant to most oils, acids and alkalis, reduce noise when used on conveyors and when used properly are resistant to temperatures of -20°C to +100°C. Specification: polypropylene.

Desk chairs

Desk chairs from LISTA provide perfect seating and standing solutions for versatile use in production, at electronic workstations or in the laboratory. All chairs are manufactured according to the industry work chair standard DIN 68877, taking into account all major ergonomic findings in industrial medicine. The robust design and hard-wearing materials make the chairs very durable, ensure the required hygiene and are easy to clean. With functions such as ergonomically adaptable adjustment, these chairs are the perfect workstation seating solution.

+ Utmost stability

Sturdy base with resilient, robust and non-slip seats

+ User-friendly and ergonomic

thanks to simple adjustment functions such as stepless seat and backrest height adjustment, seat tilt adjustment and weight regulation

+ Tremendous design diversity

thanks to different surfaces, materials and selectable bases with casters or abrasion-resistant sliders

A good desk chair increases the efficiency of your company and ensures safety in the workplace

free-floating backrest, height and tilt-adjustable

Adapts to different types of work when sitting

Prevents the risk of entrapment or crushing

height-adjustable seat

additional slip-resistant step-up rail for chairs with an adjustable seat height of over 650 mm

no casters for chairs with a seat height of over 650 mm (except for seat-stop casters)

Base with minimum five support points and safety against tilting

Art. no. **69.505.000**
with casters, made of integral foam

Art. no. **69.500.000**
with sliders, made of beech

Art. no. **69.509.000**
with sliders and height-adjustable base ring, made of imitation leather

Swivel chair

Perfect entry-level model for correct posture in production. Low profile, sturdy five-star base made of plastic, in black, either with load-dependent braked casters for hard floors or abrasion-resistant floor sliders. Available in the following versions: laminated beech, black Imitation leather and black integral foam.
